### 1. Welcome to Milab Microphones

Thank You for choosing a Milab Microphone!

Milab Microphones has more than 60 years of experience of developing and manufacturing professional microphones for studio and stage. The microphones are well-known and frequently used by conscious and accurate audio professionals all over the world. Milab Microphones are known for the unique sound and design. All microphones are handmade and individually tested with full documentation before shipping. We put an extra effort in high quality and best performance! All microphones are delivered with a lifetime warranty.

### 2. The following items will be included in the delivery:

- 1 pcs of Milab D-37
- 1 pcs of stand holder
- 1 pcs of windscreens
- 1 pcs of manual

### 3. D-37 Dynamic Microphone Art.No 1208

The D-37 microphone is designed for professional vocal and instrumental work on stage. It has a cardioid polar pattern. The body is made of solid brass and aluminium and it is connected with a standard XLR-contact.

Dynamic microphone insensitive to feedback as well as hand noise, perfect for live performances. Fantastic sound quality for vocals, drums and amplifiers.

#### 4. Guidelines for Microphone use

- The D-37 microphone is designed to be used as a handheld. When using, do not cover the microphone grill with your hand. The microphone can also be placed in a microphone stand holder (enclosed) or in a shockmount.
- When using the microphone close to vocals or other sound source, the proximity effect appear. Proximity effect is experienced like a more powerful bass.
- The D-37 microphone should be aimed with the top grill towards the sound source. See polar pattern.
- The microphone should be placed as close to the sound source as possible. Used in vocal applications, unwanted “pop” –sounds can appear. If so, use the windscreen (enclosed) as an external pop-filter.
- When the microphone is used outdoors, it may be advisable to use the windscreen to minimize wind noise.
- Protect the microphone from water, extreme heat and humidity.
- Protect the microphone from dust and dirt which may affect the membrane.

#### 5. Connection

The D-37 can be connected to any mic input, mixer/amplifier, or mic preamp using a standard microphone cable.

Microphone connection:

- 1 Ground (shield)
- 2 Hot (+ phase)
- 3 Cold (- phase)

Connecting the microphone to an unbalanced input.

Pin 2 is the “hot phase“ and should be connected to the input, and pin 3 of the output must be connected to earth.

## 6. Specifications D-37

Frequency response ( see graph )	50 - 20 000 Hz
Polar pattern	Cardioid
Sensitivity at 1kHz	1,3 mV / Pa $\pm$ 2 dB
Output impedance	< 250 $\Omega$
Minimum load impedance	1 k $\Omega$
Connection	3-pin XLR pin 1: ground ( Shield ) pin 2: plus ( Hot ) pin 3: minus ( Cold )
Net weight	290 g
Length	190 mm
Diameter	24/48 mm

## 7. Frequency response at 1m distance

The frequency response may vary within  $\pm 2,5$  dB of the published graph.

## 8. Polar diagram

## 9. Declaration of Conformity CE

Milab Microphones AB, declares as it's sole responsibility that the above named product is in compliance with the EMC Directive 89/336/EEC, 92/31/EOF and conform to the requirements of the Harmonized Products Standards EN 55013, EN 55020, IEC 803-1.

The aforementioned products may only be used for audio purposes, and in configurations approved by Milab Microphones AB

## 10. Service & Cleaning

All service and repair of the microphone should be performed by authorized service personnel.

After frequent use in different environments and by different hands, all metal surfaces may be safely cleaned from time to time with alcohol or methylated spirits.

### **CAUTION!**

Protect the membrane when cleaning.

## 11. Lifetime Warranty

Milab introduced a lifetime warranty for all microphones manufactured in 1997 and later.

Your microphone is covered by our lifetime warranty. If your microphone breaks down, contact the place where you purchased it, either they will repair it or send it to our service department in Sweden. We will immediately start a fault detecting and a guarantee inspection. Not valid for 2:nd hand purchased products.

The warranty does not cover carelessness as physical negligence or electrical overload etc.

Users of this product must accept the following disclaimer of warranty.

This product is supplied "as is." Milab Microphones disclaims all warranties, expressed or implied, including --without limitation-- the warranties of merchantability and of fitness for any purpose.

Milab Microphones and the user are aware that functional defects in the products cannot be totally ruled out, in the present state of technical knowledge, even if the very greatest care is taken.

Milab Microphones assumes no liability for damages, direct or consequential, which may result from the use of the supplied product.

Under no circumstances and under no legal theory, tort, contract, or otherwise, shall Milab Microphones be held liable to you or any other person for any indirect, special, incidental, or consequential damages of any kind, including, without limitation, damages for loss of goodwill, work stoppage, computer or equipment failure or malfunction, or any and all other commercial damages or losses. This limitation of liability shall not apply to liability for death or personal injury to the extent applicable law prohibits such limitation. Furthermore, some jurisdictions do not allow the exclusion or limitation of incidental or consequential damages, so this limitation and exclusion may not apply to you.

This User Agreement shall be exclusively subject to the laws of Sweden.

This is the entire agreement between you and Milab Microphones, which supersedes any prior agreement or understanding, whether written or oral, relating to the subject matter of this product.

If a fault of the microphone is referred to the Lifetime Warranty, please fill in the form below and send it with the microphone to your service- or repair shop.
