**Milab Microphones AB  
Gevärsgratan 20  
S-254 66 Helsingborg  
SWEDEN**

#### Terms and Conditions

1. For non-warranty repairs, service charges usually consist of four parts: the start-up cost, labour, parts, and shipping.

The start-up cost is **450 SEK**, excl. VAT, for the first microphone. This charge includes fault detection, lab testing (including a new frequency chart) and administration. For every additional microphone in the same shipment, the start-up cost is **150 SEK**, excl. VAT. As an example, sending three microphones will generate a total start-up cost of 750 SEK (450 + 150 + 150).

After the fault detection, we will get back to you with an estimate and await your approval before we proceed with the repair work. If you do not wish to proceed, we will return the products and only charge for the start-up cost and return shipping.

Labour is **900 SEK** per hour and is charged in half hour blocks.

2. All prices quoted are in **SWEDISH KRONOR** and exclude charges for shipping and handling, insurance, Goods and Services, Tax and any other forms of custom/toll fees.
3. Delivery Terms: - FCA Incoterms® 2020
4. All Milab microphones produced after 1 January 1997 and Pearl microphones produced after 1 January 2022 are covered by our **Lifetime Warranty**. For terms and conditions, please visit: [www.milabmic.com/warranty/](http://www.milabmic.com/warranty/)
